

Praise for Ms Tang's English screenplay,
Hold on Tight

“Thank you very much for letting me read your screenplay “HOLD ON TIGHT” which I found extremely compelling. I can't get the characters out of my head.

This is an extremely gripping story with strong and memorable scenes. I can see that actresses would welcome the award-winning roles that you have adapted from your life and your novel.

I also believe that this movie would have wide appeal in the largest foreign markets.

The best of luck with its production. I am looking forward to seeing it on screen.”
